

REACH customer information

Information about the products supplied by us according to REACH registration or rather RoHS compliance Regulation (EC) No 1907/2006 (REACH regulation), information obligation to article 33

The European Chemicals Agency ECHA published a list of substances of very high concern which fulfil criteria of article 57 and were established by the process of article 59 in the above mentioned REACH regulation.

On the website of ECHA you will find the extensive list of dangerous substances defined by REACH:
<https://echa.europa.eu/en/candidate-list-table>

We herewith declare that our finished products by today do not contain any substances of very high concern according to the REACH candidate list.

We know well about our obligation of information and take it very seriously to protect our customers. Therefore, we provide all available information for our customers to guarantee a safe use of our products. In this context we please our customers to inform about dangerous characteristics regarding to their risk management measures.

Hippold GmbH Metallwarenherstellung is in the meaning of REACH a downstream user, thus not immediately responsible for the registration of substances. For surface treatment substances are specifically used in preparations, in electrolytes and in solutions. The registration of these substances behave only our suppliers.

We would like to thank you for your confidence and further good cooperation.

This customer information is valid to 31th December 2022.

If you have any questions do not hesitate to ask.

Hippold GmbH
Metallwarenherstellung
